

MAINTENANCE KITS

Henry's maintenance kits provide the right parts every time, designed to service a variety of models. Kits include lubricants, filters, and spark plugs.

Henry's kits are designed for popular 4-cycle engine models in outdoor power equipment, ensuring high performance and durability. Compatible with brands like Kawasaki, Kohler and Briggs & Stratton, these kits deliver reliable solutions for various maintenance needs. From oil changes to transaxle and engine care, Henry's kits include all the essentials to keep equipment running smoothly.

KITS BY OEM REFERENCE

Find the ideal kit for your engine, each designed to replace specific OEM parts. Priced individually and available in case quantities. For detailed kit contents and more information, visit www.henrysparts.com.
